Secure Point-Of-Sale Solutions
Including Inventory Management

eProcessingNetwork's
Point-Of-Sale software for Windows®-based PCs and Laptops enables merchants to securely process credit, PIN debit, check, gift card and loyalty transactions.

Merchants receive real-time responses from cardholder's issuing banks and batches are automatically settled every day.

Software Highlights

- Credit and PIN Debit
- Manually Keyed or Swiped
- Signature Capture
- Check Processing
- Gift Card and Loyalty
- Customizable Receipts
- Add logos, coupons, promos, etc.
- EMail Receipts
- Inventory Tracking and Reporting

Supported Hardware

- Cash Drawers
- Receipt Printers
- Barcode Scanners
- MagStripe Readers
- PIN Pads / Signature Capture
- and much more

Merchant Benefits

- Replace traditional terminals
- Manager/Clerk controls
- Multi MID/Merchant Capability (Great for doctor's offices, hair salons, owners of multiple business units)
- Consolidated reporting
- Use existing Internet connection
- Combine with other ePN solutions (ePNPlugIn, Wireless, Recur, etc.)
